- While contests reigns of the Christian Church, may I live the friend of peace, the sacred mine of scripture search, and burn from plain man to cease.
- O teach me, Lord, thy truth to know, and separate from all beside. This I will guard from every foe, nor fear the issue to abide.
974. Amen. Amen. Amen. Amen. Amen. Amen.
- Amen. Amen. Amen. Amen. Amen. Amen. Amen. When we appear, the great end of peace, the sacred life of Jesus.
- [1 : 3 9] When we appear, the great end of peace will be ■■■■mt ands the free Assh mejores.
- And share the praise of the Lord which I He is a good heart From every heart The man assumed to die That he paid hope From houses in jeans That is eternal And Lord, I praise
- This day, Lord, I Would never fear O help, I live For heaven we face Be kind to live But live by grace And sinners may Be who live and live And they who live May run by grace
- And live by breath Round Thou I'm waiting Don't search my heart And search me through May them destroy What song I do May I sing What if I do May I sing Thy grace And I
- Read this morning from the prophecy of Isaiah Chapter 41 Isaiah chapter 41 Keep silence before me, O islands And let the people renew their strength Let them come near and let them speak Let us come near together to judgment Who raised up the righteous man from the east Pulled him to his foot Gave the nations before him And made him rule over kings He gave them as the dust to his sword And as driven stubble to his bow He pursued them and passed safely Even by the way that he had not gone
- [6 : 1 1] But his feet Who hath wrought and done it Falling the generations from the beginning I the Lord the first and with the last I am he The Isles saw it and feared The ends of the earth were afraid Drew near and came They helped everyone his neighbour And everyone said to his brother He had good courage So the carpenter encouraged the goldsmith And he that smoothed it with the hammer Him that smote the anvil Saying It is ready for the sovereign And he fastened it with nails That it should not be moved For thou Israel art my servant Jacob Whom I have chosen The seed of Abraham my friend Thou whom I have taken From the ends of the earth And pulled thee from the chief men thereof
- And sent unto thee Thou art my servant I have chosen thee And not cast thee away Fear thou not For I am with thee Be not dismayed For I am thy God I will strengthen thee Yea I will help thee Yea I will uphold thee With the right hand Of my righteousness Behold all they that were incensed Against thee Shall be ashamed And confounded They shall be of nothing And they that strive with thee Shall perish Thou shalt seek them And shalt not find them Even them that contend With thee May the war against thee Shall be as nothing And as a thing of law For I the Lord thy God Will hold thy right hand Saying unto thee Fear not I will help thee

Fear not thou one of Jacob And ye men of Israel I will help thee I will help thee I will help thee Aseth the Lord And thy Redeemer The Holy One of Israel Behold I will make thee A new sharp threshing instrument Having teeth Thou shalt thresh the mountains And be them small And shall make the hills As char Thou shalt fan them And the wind Shall carry them away And the whirlwind Shall scatter them And thou shalt rejoice In the Lord And shall glory In the Holy One of Israel When the poor and needy Seek water And there is none And their tongue Fairly for thirst Either Lord Will hear them Either God of Israel Will not forsake them I will open rivers In high places And fountains

In the midst Of the valleys I will make the wilderness A pool of water And dry land And springs of water I will plant In the wilderness The seed of the Siddhar tree And the myrtle And the oil tree I will set in the desert The fir tree And the pine And the box tree together That they may see And know And consider And understand And understand Together That the hand Of the Lord Hath done this And the Holy One Of Israel Hath created it Produce your cause Said the Lord Bring forth Your strong reasons Said the King of Jacob Let them bring them forth And show us What shall happen Let them show The former things What they be That we may consider them And know the latter end Of them Or declare things For to come

Show the things That are to come Hereafter That we may know That ye are gods Yea do good Or do evil That we may be dismayed And behold it together Behold ye are of nothing And your work of north And the abomination Is he that chooses If you I have raised up From them One from the north And he shall come From the rising Of the sun Shall he call Upon my name And he shall come Upon princes And upon mortar And as the potter Thread it claim Who I declare From the beginning That we may know And before time That we may say He is righteous Yea there is none That showeth Yea there is none That declareth Yea there is none That heareth your words The first shall say

[11 : 14] To Zion Behold Behold them And I will give To Jerusalem One that bringeth Good tidings For I beheld And there was no man Even among them And there was no Counselor But when I asked Of them Could answer a word Behold They are all vanity Their works are nothing Their modern images Are wind And confusion May the Lord bless His word And help us now In prayer O gracious God We will bow Our heads In reverence In godly fear Realising Solemnly That thine eye Is upon us Thine ears Open to our cry From this corner Thy vineyard True Lord

Let the arrow, the arrow, the arrow, the arrow, the arrow, the arrow, the arrow, the arrow, the arrow, my promise, my truth.

My life in thy eyes, still, still, I am with you.

[24 : 35] My promise shall stay. Through the best fantasy Our real eternal land Forget thee I have loved Thy head of thy name In great of my heart The soul forever remained The heart of thy head I lie, Lord, on thy shame

The words I receive When I'm serving holy I feel that my God Full thy sight and my breath For thou art blessed Near me Thy flesh and my words Near all my distress Thy head will die Yet no others be cool

No one is in play Entrust me And give up Thy life is stronger Thy wisdom is ready To breathe in my breath In the light of rain My soul to rely To make me and wait In my light

Bless you to show As the Lord may be pleased To help me I will direct you prayerfully To Isaiah chapter 41 And reading verses 14 and 15 Fear not Fear not thou worm Jacob And ye men of Israel I will help thee Sath the Lord And thy Redeemer The Holy One of Israel Behold I will make thee a sharp A new sharp Freshing instrument Having tea Thou shalt thresh the mountains And beat them small And thou shalt make the hills As char How we do bless the Lord For his exceeding great

And precious promises And how he says I will make thee a sharp Freshing instrument Fresh the mountains That they might Be beaten small The mountains of doubt, fear and unbelief That you and I Experience as believers And the natural man Too Knows what it is to have mountains We do see in Jerusalem The mountains around Jerusalem The very centre That the Lord had been in As the son of God And knew what it was to be that Tempted and tried In all points Like you and I are tempted and tried at times

[29 : 49] But none of their trials And one of their mountains Can be as great As what Jesus himself Had to experience But He said in the seed of Jacob The seed of Jacob And this would make you feel to be As no man With nothing Which will be brought there That the Lord acknowledges The poor and needy sinners That seek water There is no It isn't the water that you and I drink Dear friends For our natural thirst This is living water The poor sinners Have it grown for them And waters From the wells of salvation What a mercy to be brought here Where you realise That you need help He causes afflictions to come

That we have been singing of And it's all to we and you and me from hell And all that hideous monster sin Dear friends That seems to envelop their minds And we are brought to remember these things And pray for this God To be our refuge And our strength And so he gives you a fear note Your fear to presume is one thing Is a danger in presumption of your religion That you've got that that's needful to save you We can look afar off at times And realise the presence we need of the Lord To take his word and seal it upon your soul We need real evidences of his love We have natural love

Amongst our family circles And if we truly believe Our love will be centred in Christ And realise how vital it is To know him the truth The only true God And Jesus Christ whom he has sent And he came not to call the righteous There are so many religious bodies today That they think that they know where they're going And we have met those people in our lives And know where they're going That assurance dear friends Is building upon false hopes That your hopes and mine have descended in Christ And we look to him To manifest to us his mercies And show us the token of his love And so he tells us He says

By the Lord thy God Will hold thy right hand You know He reaches forth his arms To save you And this is a privilege That so few seem to know of And bless God There's a little hope That he has Given you his help Help laid upon one Who is mighty to say Yes Even unto the uttermost You get in force In such despairing situations In your life That God alone knows And though your faith and mine is tried And though the devil comes in Like a flood of time Who says Where is now your God All these things that you laid before him He doesn't seem to answer But he's not silent But he has an appointed time To apply these promises

To live and die upon the precious promises That he has bestowed upon you And he will bestow them upon you If you have not yet had a promise seal That if you honour him he'll honour you But if he If you dishonour him If you disabily him Well then the Lord If you're one of his He'll bring you through some High mountains and deep valleys of trouble The Lord to make you and me sick of self And more attracted to him And so he drops the word in Fear not Thou worm Jacob And ye men of Israel These Jews Jews that were chosen people As well as the Gentile race Have been so favoured to receive his promises And he says fear not You see we're creatures of fear

[34 : 56] We drag along And fear often times where no fear is We get suddenly chucked down with some affliction And we wonder where the scene's going to end But the Lord reigns The Lord reigns And we sung that hymn this morning About how that In Christianity there are these Times dear friends When those that profess the name of Christ And yet do all manner cause damage and harm As we've had another Some of you have had Another Booklet that came From the so-called pastor of Clapham in England The man dear friends Doesn't read the scripture He only selects that that suits him And then tries to say That Jesus Christ was not Not in human flesh

But He was He says That he's the spirit We know In his deity He is in the spirit And had received spiritual instruction And teaching As he came to do the work of the Father And was Was certainly the one mediator Between God and man But the poor deluded man dear friends He was deceiving his followers But what a mercy If you and I See that Flesh and blood Jesus said In Luke 24 That That As he was offered The And also A portion of fish And And How he said

And I don't want to repeat All these things that he said But you see The blessedness of Jesus is That his spirit of truth Comes down It's true That we see Jesus Made a little love of angels Born of a woman Raised up their friends And given wisdom from on high To preach the gospel to dying sinners And so we see Jesus And we ask him to grant us Deliverance from our fears That there is a true hope built up in your soul and mine That he will help you That he will help you That he will uphold you At his own time and way And we need his help We need the The Lord To grant us this new sharp threshing instrument Having to And how is that?

Why? The Lord grants you a need to To chew on the precious promises of the doctrine of free and sovereign grace You feed upon fat things upon wine upon the leaves While upon He makes the mountains of plain He exhorts values And this is your hope He takes a word and seals it When he speaks to your soul You will know it You are going away rejoicing that he has given you a good hope through grace You have known your poverty You know you have had a worm in the sight of God And you acknowledge his greatness His majesty, his holiness And his tenderness And he will not leave you comfortless For they come right where you are And some of you have had to live this way Dependent upon the Lord To comfort you in your low place

And you Never laid you low Never laid you so low That his pity cannot come where you are He comforts sinners in distress What a mercy He strips you of me all their fancied meanness To meet the great I am And Jesus himself Throws near He manifests his love to you Or when he raises a portion of promise to your soul and applies it You will know it No other comfort that when he comes He comforts you and me in swiety You and me trembling in his holiness and majesty and sovereignty But he said I will hold thy right hand And says fear not I will help thee He repeats it God often gives you a promise and you meditate upon it

[39 : 59] And here come again and confirm it He says in the word of God The spirit will be your remembrance To bring to your remembrance What he has spoken to you beyond Salvation Deliverance from the pit Made wise unto salvation Through faith in Christ What a refuge A refuge for sinners The gospel makes known It is found in the merits of Jesus alone Behold I will make thee You see it's God's work It's God's It's God manifested his love to you Inspired of you and me get very fearful And yet blessed be the Lord I will make thee a new sharp thrashing incident Wrestling prayer To remove this man Who art thou great man That the Lord is irreverable The prince of peace They all should be made a flame

These are God's promises One after the other If you apply to your soul But just fear not we do you good Would you? You'll be able to speak to his honour and glory What he has done for your soul You see it says here When the poor and the ladies seek water Now he has come in their tongue They tell them the fire of the first By the Lord here What a groaning Their groanings Their breathings Under the influence of the Spirit Spirit and the truth come down Reveal the things that God has made To us salvation known And witness with the blood This is the centre of your religion Jesus Christ That makes a new sharp thrashing incident The Lord Rives out the mountain By buyers and the sellers And thou shalt thrash the mountains Oh what a mercy

Before the rubble Thou shalt be made a flame Blessed mercy then Thou shalt thrash the mountains And beat them small Paul said I can do all things through Christ that strengthens me You know that is the spark of faith That he is strengthened He is a keeper alive You won't give up praying for the blessing of the Lord To enrich your soul These mountains he removes And he will remove them Because You have been made to feel so helpless Prayerless, cold, dead and hard But still You cannot escape From his word You go to his word You know it says the wages of sin is death But the gift of God is eternal life Through the merits of Jesus All to know and praise and bless this dear Lord and Saviour

Who tells you these fear not He elsewhere he says fear not little flock It is your father's good pleasure To give you this treasure It is treasure It is a treasure to have a promise It may be very weak and faint when you are tired Because was it really true Did the Lord really draw me by the cause of man By the bands we put Of course he did And you don't forget it And when you read it It may not be the same power and sweetness But you reflect upon that moment and that time When he changed your heart When you began to be in life You were poor and needy You were desperate for the Lord Because you felt your tongue failing What about your thoughts?

Prayer of thoughts you know If only I could think a lie If only I could think more positively That Jesus is the friend of sinners And he made himself No, no, nigh to you And you know nothing is beyond the limits of his love We have those who are concerned about And their souls And we look to the Lord to comfort them And open their blind eyes And unstopped their deaf ears To realise the word of the Lord endure forever This is the word which by the gospel is preached unto you and unto me The office of Christ That he comes and understands and considers And you'll consider what the Lord has done for yourself And you'll not be ashamed to own it What he has done for your soul of mine And you won't deny him

[45 : 05] You won't mock him You won't despise him But you'll bless him for that humble hope You were minister brought so low as one could ever be brought You felt you were right near the end sometimes of all your religion But never What the Lord has forgiven you Has given you and has forgiven you for those vast blessings He's brought you out into a wealthy place He comforted your troubled heart And said unto you Stand still It's not you that we are trying to run before we can walk in religion No Stand still And see the good hand of God that has gone before He's touched your heart You can't deny it He's delivered you He's blessed you With a comfort and hope That You're no longer looking onto these These

These What the carpenter encouraged the goldsmith And he that smootheth the hammer Him that smote the hammer Saying it is ready for the soldering And he fastened it with nails That it should not be moved That's an idolatry Idolatry of religion isn't it?

Oh there's so much idolatry dear friends in religion But no it's a little It's a little reality A little blessing of the Lord That enriches your soul of mine It's tokens of his love So you can never speak of love can he?

He knows what He doesn't know what the love of God is He has discernment to see where there's a work of grace Where the Lord has led you and me As a captivity He's led your captivity captive Because he's given you such a promise of this And says fear not And as I said no matter Have a low you feel Ye men of Israel I will help thee And he helps the helpless The poor and needy The hungry and thirsting sinner Is waiting for the Lord to confirm his or her soul With a side following When he says yea I have love thee with an everlasting love Therefore with love and kindness Have I drawn thee You know the drawings of the grace of God Are irresistible You'll never resist the work of grace

When there's that time to be born again The revelation of Christ Yes you tremble at the majesty and holiness of God But he'll give you this word And it'll humble you And the humble shall hear their other Be glad when the Lord applies his word to your soul The entrance of his word to your soul The entrance of his word to give it light and understanding To your poor simple soul of mine I will make it be a sharp flashing instrument You see this is rest in prayer Almighty grace Arrest that man, that woman, that child And teach them my fear Because them that honour me I will honour They despise me shall be lightly esteemed It's all very well people turn their deaf ear to what the scriptures say But there will come a time If they are his To quicken them and make them cry God be merciful to their sinner

[48 : 52] He won't be like that proud Pharisee He came justifying himself in coming He came justifying in good works and his good deeds The good works should never save him But by grace alone I will be saved through faith And all yourself is the gift of God Not a worse than any man you know And so He said let us reason together Though your sins be as scar They shall be as white as snow Though they be red like scarlets They shall be as white as snow Perfection That robe of Christ's righteousness Righteousness will cover With a mantle of his forgiving love All your sins and all mine And all your fears We shall prove groundless at last Because he has begun that good work And will perform it unto the day of Jesus Christ Wouldn't you love to give grace to others but you can't No

You cannot convert oneself But Jesus can There will be a matter for prayer for you and me And though you get distressed and cast out When will the Lord come?

Touch this and that one When will he have mercy upon Zion And build again the broken walls of Jerusalem I'll tell you this The Lord will come again He'll come to judge the world in righteousness And what a blessed mercy If he has imputed you the righteousness of Christ Which is being favoured To see that he's going to beat these mountains small And make the hills as char He's going to separate the wheat from the char He's going to separate the sheep from the goats He's going to separate the sheep from the goats He's going to separate the lost The eternally lost And those are the same Lost souls he came to the deep And the foundation of God Having this True The Lord knoweth them of his And let him that The name of Christ depart You'll have to leave these things In the world that you'll hold And what I am wanting to do Do it as unto the Lord

And not unto man The Lord will have mercy to honour him To serve him And to serve him And to serve him And to serve him And to serve him And to serve him And to serve him With fear Reverent fear And godly And godly acknowledgement That the Lord God of difficult ways Let the people trample And you have to say Why me?

Why such a wretch as me Who must ever lie in hell We're not salvation Free! It's not dear friends Waving a hand to shepherd We accept Christ As those evangelists Who try to To do To do Or A Waves of emotion True religion More than motion Something must be known And you will know it And you won't have an arm Full of religion But you'll have a little And there will be Thanks be unto God Who has given me the victory Over this body of sin And you hold the things of this world With a loose hand You acknowledge God's goodness in providence Yes, let's write that We return thanks for his great goodness For his cause to pass before him But the greatest goodness Is the fear not That I have redeemed thee I've called thee by thy name

[52 : 41] Well, thou art nigh And when thou passest to the waters I will be with thee Waves and billows go over our head Mountains before thee But the Lord makes it a plain And we bless him for it And so I will help thee Privileged soul then Who tells you this I will help thee I will undertake for you I will supply your need And I will make my goodness Pass before you in the way And you bless him for it And you'll have to acknowledge him And you'll return thanks And you'll see that grace To walk in his fear And not be ashamed to keep his commandments Because he says If ye love me keep my commandments They're not breavers Give him such exceeding great And precious promises You'll go in the strength of the Lord You'll make mention of his righteousness And his own thing And to thee we shall look

Yes As like worm Jacob You will feel pretty low Even at the ends of the earth I will be with thee When thou passest to the waters I will be with thee Yes, at the ends of the earth He says Look unto me All the ends of the earth And be ye saved For beside me There is no saviour Salvation Your soul Weaved, dear friends The world Your soul made wise unto salvation Your soul received the pardon of sin The security of it Seening great and precious promises Because you are a chosen vessel You've not chosen me You've not chosen me But I have chosen you You ought to obey you You go forth and bring forth Real proof Repentance is the gift of God And you repent And by grace of God You believe

He gives you faith He's the author of your faith And the finisher of it And such as those that receive these prophecies A new sharp Threshing instrument Prayer Prayer, dear friends As pointed to Can they The blessings God designed to give Long as they live Should Christians pray From only while they pray They live In all your afflictions And you have some afflictions And oh what a mercy The Lord will be with you in the fires You might be thinking Not strange concerning The fiery trial Is to try you As though some strange thing happen unto you And what a mercy A strange thing happen unto you Is to bring you immediately into fellowship The saints Your eyes see single Your whole body is full of the light And the knowledge And the glory of God In the face of Christ Oh what a refuge What a refuge, dear friends

He draws into the pathway of affliction But He brings you out He doesn't cause you To die in these afflictions But, dear friends He revives your spirit And you commit your way to the Lord You trust also in Him And find and bring the power He spares you He brings you out into a wealthy place And He fulfills those promises That you've given you In past days And those promises He yoneth many cries I will help thee You've got the great I am The I am that I was before Abraham I was with the Father And the Father Sent him to suffer bleed And die on Calvary's tree To redeem unworthy you and me Jacob You'll see the Jacob Jacob am I loved Esau am I hated Oh what a mercy and privilege

For your soul to know this He gives you a sharp threshing instrument This wrestling prayer Oh, blessed be the Lord Lord, I've lived in the rain here The mountains are made plain Thresh them As I said The char after your friends Goes down to hell But what a mercy These chosen vessels I have loved thee with an everlasting love Weaned you from the world Made you wise unto salvation Yes, as I said earlier You will attend to the demands of this life He make a way for you Where there seems to be no way If you want to him And he'll bring you, dear friends Into his banqueting house And his banner ultimately Will be his everlasting love Shed abroad in your heart While the Holy Ghost A time Before him Our times in his hands

[57 : 54] All these events in his command Oh, may we give more grace To humble himself before him That we might be exhorted in due time Casting all our care There's not one care that you and I have Little or great Sometimes they're great man-fines But he knows the way you take When he has tried you To approve your religion and mine What it was You'd have a little He'd bring you through And you'll go on your way rejoicing You know you'll know what it is To go weeping to the throne of grace You shall move but marriage isn't it You may seem impossible But I will make all my goodness To pass you in the way Then that honour me I will honour Oh, may you have any forgiven grace To believe these promises

To hold fast to them And plead that They'll bring again your remembrance These promises Why? I Will never leave you not for safety Father, we say the Lord is my helper And I will not fear what marriage You do for me But I will just leave it now, Lord Thanks May the Lord bless his own world And forgive all the mess for Christ's sake Amen I would just mention I meant to I My forgetfulness I meant to Mention in prayer Our friend Elaine Had a fall in the week But she has recovered so far Thankfully Now I will let us close with him In 323 The tune is Bright and New 308 When darkness long has veiled my mind And smiling day once more appears

Then my Redeemer Then I find the folly on my doubts and fears I chide my unbelieving heart And blush that I should ever be Thus prone to act as So graces are passed For harbour one heartthwart agree 3 3 2 3 3 3 3 3 4 4 4 5 5 5 5 6 6 7 7 8 8 8 8 8 9 9 10 10 10 10 11 11 11 12 12 12 12 12 12 13 12 12 13 13 13 14 14 14 15 14 15 15 15 15 15 15 15

Seems Lord, I will come, Lord, I will give you.

Lord, I will come, Lord, I will give you.

[62 : 34] Let me, let me, let me, let me do it.

But I am still so strong to live there.

Let our wisdom and change this hour.

Lord, I will share from the day. Lord, I will share from the day.

Let me do it. Let me do it. Let me do it.

Let me do it. Let me do it. Let me do it. at all and time this shall and still and all and time
May the grace of the Lord Jesus Christ the love of God the Father the fellowship of the
Holy Spirit rest and abide by the siege Amen
